PRANAB KARTHIK

UI/UX Designer

+91 95029 11563 | karthikpranab@gmail.com | Vijayawada,AP | www.linkedin.com/in/pranabkarthik

Professional Summary

I am a UI/UX Designer Intern actively designing web and mobile interfaces while gaining hands-on experience in prototyping, wireframing, and user-centered design. I am also learning frontend development to better understand implementation. With a background in data analysis and data science tools, I apply data-driven insights to improve usability and overall user experience.

Technical Skills

UI/UX Design Skills : User Research | Wireframing | Prototyping (Figma, Sketch) | Visual Design (Color, Typography, Layout) | Interaction Design | Information Architecture

Frontend Development : HTML | CSS | JavaScript | Bootstrap | React

Design & No-Code Tools : Adobe Photoshop | Framer | Wix | WordPress

Data & Analytical Background : Python | SQL | Power BI | Data Analysis

Work Experience

UI/UX Designer Intern   June 2025 - Dec 2025
Edubot | Andhra Pradesh, India

- Designed 10+ web and mobile-friendly screens focusing on usability, navigation, and visual clarity
- Created interactive prototypes and wireframes in Figma, iterating designs based on feedback
- Collaborated with a 6-member team and coordinated with developers to ensure smooth implementation
- Gained experience with Photoshop and design tools such as Framer, Wix, and WordPress

Projects

Portfolio Design (Figma) – Ongoing (UI/UX)

- Designing a fully interactive portfolio in Figma demonstrating prototyping, wireframing, and user-centered design

Portfolio Using HTML, CSS and Javascript (Frontend)

- Built a responsive portfolio using HTML, CSS, and JavaScript to showcase design and frontend skills
- Implemented interactive UI components and responsive layouts

End-to-End Flight Booking Interface Design (UI/UX)

- Designed 8 web pages focusing on usability, navigation, and visual hierarchy
- Applied wireframing, prototyping, and user-centered design principles

Food Booking App Screens (UI/UX)

- Created 10 high-fidelity screens for a food booking app with intuitive navigation
- Focused on user flow, interaction design, and responsive layouts in Figma

Landing Page Development (Frontend)

- Developed a responsive landing page using HTML and CSS
- Implemented clean layouts, typography, and mobile-first responsive design
